

National Tracking Poll #2210085
October 13-21, 2022

Crosstabulation Results

Methodology:

This poll was conducted between October 13-October 21, 2022 among a sample of 1000 All Teachers. The interviews were conducted online. Results from the full survey have a margin of error of plus or minus 3 percentage points.

Table Index

1	Table TS1: <i>On a scale from 0 to 10, where '0' means 'Not at all likely' and '10' means 'Extremely likely'. How likely is it that you would recommend teaching to a friend or family member?</i>	11
2	Table TS2_1: <i>Do you feel things in K-12 education are generally going in the right direction, or do you feel things have generally gotten off on the wrong track? Nationwide</i>	13
3	Table TS2_2: <i>Do you feel things in K-12 education are generally going in the right direction, or do you feel things have generally gotten off on the wrong track? In your state</i>	15
4	Table TS2_3: <i>Do you feel things in K-12 education are generally going in the right direction, or do you feel things have generally gotten off on the wrong track? In your local school district</i>	17
5	Table TS3a_1: <i>What do you believe should be the main purpose of education during Kindergarten through 8th grade? In your opinion, how important is it for students to learn... Skills for future employment</i>	19
6	Table TS3a_2: <i>What do you believe should be the main purpose of education during Kindergarten through 8th grade? In your opinion, how important is it for students to learn... To fix social problems</i>	21
7	Table TS3a_3: <i>What do you believe should be the main purpose of education during Kindergarten through 8th grade? In your opinion, how important is it for students to learn... Values, moral character, or religious virtues</i>	23
8	Table TS3a_4: <i>What do you believe should be the main purpose of education during Kindergarten through 8th grade? In your opinion, how important is it for students to learn... How to be good citizens</i>	25
9	Table TS3a_5: <i>What do you believe should be the main purpose of education during Kindergarten through 8th grade? In your opinion, how important is it for students to learn... To become independent thinkers</i>	27
10	Table TS3a_6: <i>What do you believe should be the main purpose of education during Kindergarten through 8th grade? In your opinion, how important is it for students to learn... How to interact with others (socialization)</i>	29
11	Table TS3a_7: <i>What do you believe should be the main purpose of education during Kindergarten through 8th grade? In your opinion, how important is it for students to learn... Core academic subjects (e.g. reading, math, science)</i>	31
12	Table TS3b_1: <i>What do you believe should be the main purpose of education during High School (9th through 12th grade)? In your opinion, how important is it for students to learn... Skills for future employment</i>	33
13	Table TS3b_2: <i>What do you believe should be the main purpose of education during High School (9th through 12th grade)? In your opinion, how important is it for students to learn... To fix social problems</i>	35

14	Table TS3b_3: <i>What do you believe should be the main purpose of education during High School (9th through 12th grade)? In your opinion, how important is it for students to learn... Values, moral character, or religious virtues</i>	37
15	Table TS3b_4: <i>What do you believe should be the main purpose of education during High School (9th through 12th grade)? In your opinion, how important is it for students to learn... How to be good citizens</i>	39
16	Table TS3b_5: <i>What do you believe should be the main purpose of education during High School (9th through 12th grade)? In your opinion, how important is it for students to learn... To become independent thinkers</i>	41
17	Table TS3b_6: <i>What do you believe should be the main purpose of education during High School (9th through 12th grade)? In your opinion, how important is it for students to learn... How to interact with others (socialization)</i>	43
18	Table TS3b_7: <i>What do you believe should be the main purpose of education during High School (9th through 12th grade)? In your opinion, how important is it for students to learn... Core academic subjects (e.g. reading, math, science)</i>	45
19	Table TS8a: <i>Do you believe public school funding in \$q://QID28/ChoiceGroup/SelectedChoices is:</i>	47
20	Table TS8b: <i>On average, \$q://QID28/ChoiceGroup/SelectedChoices spends \$e://Field/SPEND per student attending public school each year. Do you believe public school funding is:</i>	49
21	Table TS9a: <i>If given the option, what type of school would you select in order to obtain the best education for your child?</i>	51
22	Table TS9b: <i>If given the option, and neither financial costs nor transportation were factors, what type of school would you select in order to obtain the best education for your child?</i>	53
23	Table TS10: <i>Based on what you know, or have heard from others In general, what is your opinion of 'charter schools' in K-12 education?</i>	55
24	Table TS11: <i>Charter schools are public schools that have more control over their own budget, staff, and curriculum, and are exempt from many existing public school regulations. In general, what is your opinion of public charter schools?</i>	57
25	Table TS12: <i>Based on what you know, or have heard from others In general, what is your opinion of 'school vouchers' in K-12 education?</i>	59
26	Table TS13: <i>A school voucher system allows parents the option of sending their child to the school of their choice, whether that school is public or private, including both religious and non-religious schools. If this policy were adopted, tax dollars currently allocated to a school district would be allocated to parents in the form of a 'school voucher' to pay partial or full tuition for the child's school. In general, what is your opinion of school voucher systems?</i>	61
27	Table TS14: <i>Based on what you know, or have heard from others In general, what is your opinion of 'education savings accounts' in K-12 education?</i>	63

28 **Table TS15:** *An "education savings account" in K–12 education – often called an ESA – establishes for parents a government-authorized savings account with restricted, but multiple uses for educational purposes. Parents can then use these funds to pay for: school tuition; tutoring; online education programs; therapies for students with special needs; textbooks or other instructional materials; or save for future college expenses. In general, what is your opinion of an ESA system?* 65

29 **Table TS42:** *In the past three months, to what extent have you considered leaving the teaching profession for another career?* 67

30 **Table TS45a_1:** *How do you feel your students are progressing on the following this school year? Academic learning* 69

31 **Table TS45a_2:** *How do you feel your students are progressing on the following this school year? Social development/well-being* 71

32 **Table TS45a_3:** *How do you feel your students are progressing on the following this school year? Emotional development/well-being* 73

33 **Table TS54b:** *Learning pods are small groups of children, organized by parents, gathering to learn together. Parents either hire a private teacher or tutor to facilitate instruction in-person but outside of the school or classroom – usually in someone's home. How interested are you in facilitating instruction for a learning pod?* 75

34 **Table TS55a:** *Have you been teaching in the type of school or educational setting that you prefer the most?* 77

35 **Table TS56a:** *What type of school or educational setting would you prefer to continue your teaching career?* 79

36 **Table TS58:** *In the past three months, to what extent have you considered retiring from the teaching profession?* 80

37 **Table TS73a:** *In order to teach most effectively, how many days would you prefer to teach your students in-person at school each week?* 81

38 **Table TS75:** *How interested are you in tutoring students outside of school hours?* 83

39 **Table TS96:** *Based on what you know, or have heard from others In general, what is your opinion of 'open enrollment' policies in K–12 education?* 85

40 **Table TS97:** *An 'open enrollment' policy in K-12 education allows a student enrolled in public school to select and transfer to a public school of their choice, rather than attending a school based on where they live. A student can be allowed to transfer to a public school in another district (called 'INTER-district'). The policy is based on a first come, first served process until districts are no longer able to accommodate new students. In general, what is your opinion of an open enrollment system?* 87

41	Table TS98b: <i>'Homeschooling' is the education of a child mainly at home other than a school. It is usually conducted by a parent, tutor, or online teacher. Parents or guardians' control and direct the curriculum, content, and subject matter. There is no association with a public or private school. In general, what is your opinion of homeschooling?</i>	89
42	Table TS101a: <i>Some have proposed an 'teacher savings account' in K–12 education – which would establish for teachers a government-authorized savings account with restricted, but multiple uses for classroom and professional development purposes. Teachers can then use these funds to pay for: classroom supplies, books/downloads, lesson plans, instructional materials, computer hardware/software or other equipment, or additional training through meetings, conferences, or webinars. Some amount can be saved for future school-year expenses. In general, what is your opinion of this proposed teacher savings account system?</i>	91
43	Table TS101b: <i>Some have proposed an 'teacher spending account' in K–12 education – which would establish for teachers a government-authorized savings account with restricted, but multiple uses for classroom and professional development purposes. Teachers can then use these funds to pay for: classroom supplies, books/downloads, lesson plans, instructional materials, computer hardware/software or other equipment, or additional training through meetings, conferences, or webinars. Some amount can be saved for future school-year expenses. In general, what is your opinion of this proposed educator savings fund system?</i>	93
44	Table TS102_1: <i>How well do you feel your school addresses the following among its students? Bullying</i>	95
45	Table TS102_2: <i>How well do you feel your school addresses the following among its students? Mental Health</i>	97
46	Table TS102_3: <i>How well do you feel your school addresses the following among its students? Violent Behaviors</i>	99
47	Table TS102_4: <i>How well do you feel your school addresses the following among its students? Guns</i>	101
48	Table TS107_1_1NET: <i>Right now, which three of the following do you most need from? Please select up to three for each. Your students' parents Communication</i>	103
49	Table TS107_1_2NET: <i>Right now, which three of the following do you most need from? Please select up to three for each. Your students' parents Support</i>	105
50	Table TS107_1_3NET: <i>Right now, which three of the following do you most need from? Please select up to three for each. Your students' parents Engagement</i>	107

Table TS13: A school voucher system allows parents the option of sending their child to the school of their choice, whether that school is public or private, including both religious and non-religious schools. If this policy were adopted, tax dollars currently allocated to a school district would be allocated to parents in the form of a 'school voucher' to pay partial or full tuition for the child's school. In general, what is your opinion of school voucher systems?

Table TS15: An "education savings account" in K-12 education – often called an ESA – establishes for parents a government-authorized savings account with restricted, but multiple uses for educational purposes. Parents can then use these funds to pay for: school tuition; tutoring; online education programs; therapies for students with special needs; textbooks or other instructional materials; or save for future college expenses. In general, what is your opinion of an ESA system?

Table TS15: An "education savings account" in K-12 education – often called an ESA – establishes for parents a government-authorized savings account with restricted, but multiple uses for educational purposes. Parents can then use these funds to pay for: school tuition; tutoring; online education programs; therapies for students with special needs; textbooks or other instructional materials; or save for future college expenses. In general, what is your opinion of an ESA system?

Table TS97: An 'open enrollment' policy in K-12 education allows a student enrolled in public school to select and transfer to a public school of their choice, rather than attending a school based on where they live. A student can be allowed to transfer to a public school in another district (called 'INTER-district'). The policy is based on a first come, first served process until districts are no longer able to accommodate new students. In general, what is your opinion of an open enrollment system?

Table TS101a: *Some have proposed an ‘teacher savings account’ in K–12 education – which would establish for teachers a government-authorized savings account with restricted, but multiple uses for classroom and professional development purposes. Teachers can then use these funds to pay for: classroom supplies, books/downloads, lesson plans, instructional materials, computer hardware/software or other equipment, or additional training through meetings, conferences, or webinars. Some amount can be saved for future school-year expenses. In general, what is your opinion of this proposed teacher savings account system?*

Table TS112: A system of student-based education funding distributes public funds to all families based on student background (e.g., by household income, by special needs) to use at the educational setting of their choice – including public charter school, private religious or non-religious school, home school, or other approved education providers. In general, do you support or oppose your state having a student-based system of K-12 education funding?
