Table EC137: A system of student-based education funding distributes public funds to all families based on student background (e.g., by household income, by special needs) to use at the educational setting of their choice – including public charter school, private religious or non-religious school, home school, or other approved education providers. In general, do you support or oppose your state having a student-based system of K-12 education funding?

Table EC137: A system of student-based education funding distributes public funds to all families based on student background (e.g., by household income, by special needs) to use at the educational setting of their choice – including public charter school, private religious or non-religious school, home school, or other approved education providers. In general, do you support or oppose your state having a student-based system of K-12 education funding?
